REPORT OF THE PRESIDENT AND DIRECTORS.

NEW YORK, December 1st, 1881.

To the Patrons and Members of Mount Sinai Hospital :

Again we are called upon to chronicle the history of Mount Sinai Hospital for the period of a year. To outline the same accurately would necessitate the picturing in detail of our past experience. Many a page could be written to delineate the feelings of the convalescent sufferer—the improved sick—the happiness caused by restored health, as well as the darkness of despair and death. We pass from these, however, and present to you the unvarnished features of our work for the fiscal year ending November 30th, 1881.

In all the departments of our Institution the work has visibly increased over that of the previous year; 1,805 patients were treated, an increase of 110; this clearly demonstrates the popularity and usefulness of the Hospital, and evidences the fact that with the growth in our population, the time is not far distant when our patrons will be called upon to consider the propriety of providing larger accommodations for the sick in our midst.

Even now we are oftentimes compelled to reluctantly refuse applicants, for want of room.

FINANCE.

Keeping pace with our enlarged work, though hardly commensurate with our wants, our income has been greater than heretofore. The names of 209 new patrons and members were enrolled as contributors during the year, making a total of 587 patrons and 1,553 members.

Our entire receipts were \$71,734.73, of which the sum of \$11,000 was for Perpetual and Life beds, which, with \$1,100 from legacies, were set apart for the permanent fund.

Our receipts from patrons and members were \$30,127.50, an increase of \$1,500 over the preceding year.

The expenditures have been \$57,456.99, somewhat larger than heretofore, yet we feel confident that a proper consideration of the facts, that we have treated more patients, the increased cost of food, and that our improved system of nursing entails additional outlays, will prove that our financial affairs have again been properly managed. Under this head, we desire to call your attention to the reports of the Executive and Finance Committees.

PERMANENT FUND.

The Permanent Fund is at present \$148,500, showing an addition of \$13,000 for the year.

PERPETUAL AND LIFE BEDS

Have been dedicated in memory of our late President, HARRIS ARONSON,

DAVID WALLERSTEIN, WILLIAM A. SAHLEIN, and MARY SAHLEIN.

A Life Bed has been dedicated by Mrs. Theresa Schiff, estimable wife of our former director, Jacob H. Schiff, Esq. Suitable tablets have been placed in our wards to commemorate the same.

DISPENSARY.

This valuable adjunct to our Hospital is now recognized in the entire community as a great boon to the poor sick. One hundred patients, on an average, have been treated daily, receiving without charge the care of our corps of skilled physicians, as well as the medicines prescribed by them. Many destitute sufferers are thus restored to health, who would otherwise be compelled to seek relief in our Indoor department or become a burden to others. To the Medical Staff connected with our Dispensary, we desire to express the thanks of our Board, for their unfailing devotion to its best interests.

HOSPITAL SATURDAY AND SUNDAY ASSOCIATION.

The statistics of our Institution justified the Executive Committee of this Association to apportion to our Hospital the sum of \$6,000 out of the \$22,950.39, undesignated funds, collected last year.

The distribution was made upon the basis of the number of free patients treated, and days of Hospital care gratuitously extended during the year, as well as on the amount of designated contributions received. Our report showed the percentage of free patients

to have been over 96, and that of 47,171 Hospital days, 45,344 were gratuitous; an exhibit most gratifying to the many friends of our Institution.

It may not be deemed indelicate for us to state here, that the combined efforts of our Board resulted in a collection of \$10,081.27 for the undesignated fund, and the unselfishness of our work is made apparent by the fact that Mount Sinai Hospital received but \$29 as designated contributions. The annual collections will be made this year on Saturday, the 24th, and Sunday, the 25th of December. It is to be hoped that as the merit of this movement, in behalf of our various Hospitals, becomes more recognized, the income from this source will become greater, thereby aiding these charities in the good work they do in our midst.

RECEPTION.

On the 30th of October last the annual reception was held, and, as heretofore, assisted by the Ladies of the Auxiliary Society, we have every reason to consider the affair a success in every respect. The many visitors were pleased with the result of their inspection of the Hospital, and their well-known generosity prompted them to donate liberally through the "Book of Life" for the care and maintenance of the sick inmates of our Institution.

LEGACIES AND BEQUESTS.

We have not been forgotten by those charitably inclined. We acknowledge legacies and bequests:

From the late David Black.....	\$591 67
From Bertha Lindheim.....	500 00

DONATIONS.

From the Board of Apportionment we received \$4,936 this year. For this and the many other gifts detailed in our list we offer our thanks.

HOME FOR CHRONIC INVALIDS.

While we deem the founding of this Institution as very necessary, for the reasons given in our last annual report, we believe the present time still inopportune for making any general collection for the erection of the Home.

RESIGNATIONS.

During the year two resignations have taken place in our Board; those of Moses G. Hanauer, Esq., our Honorary Secretary, and Jacob H. Schiff, Esq.

Their zeal and devotion to our cause, as well as their wise counsel, have been of invaluable assistance to us in the administration of our affairs. Their retirement has deprived the Institution of their able management and us of two honored colleagues. We thank them in behalf of Mount Sinai Hospital for their faithful service and philanthropic work.

The vacancies occasioned by the above resignations have been filled by the Board in the appointments of Michael Dinkelspiel, Esq., and DeWitt J. Seligman, Esq.

ATTENDING STAFF.

In its Medical department the Institution continues to be ably and diligently managed by the members of the Attending Staff. They devote their time and services to the care of our inmates, and are entitled to the thanks of every well-wisher of our Hospital.

It is with a feeling of sadness that we here record the death of Dr. Max Herzog, who was one of the oldest and most zealous members of our Staff.

Cut down in the vigor of manhood—removed from us in the midst of a most honorable career, while earnestly engaged in the discharge of duty, in alleviating the sufferings of the poor and distressed, his death has created a void which will long be felt, and one not easily filled. He leaves behind him, as a worthy example to others, the memory of a well-spent life.

ADMITTING PHYSICIAN.

Dr. David Froehlich, who has for many years so ably filled the position of Admitting Physician, has again, during the past year, received the well-merited approbation of our Board. We desire to publicly express our recognition of the faithful performance of his arduous duties.

HOUSE STAFF.

Doctors Borchheim, Nilsen, Weiss, Cramer, Rice and Dawbarn, who constitute our present House Staff, by their conscientious work and earnest labors in the internal department, have made for themselves a deserved reputation. We thank them for duties well performed.

SUPERINTENDENT.

Nothing can be added to our previous commendation of Mr. Theodore Hadel, as the faithful Superintendent of our Hospital.

As ever, he is now, considerate and efficient, carefully supervising all matters in his department.

MATRON.

At the close of the year, Mrs. L. B. Simon (who was for a long time connected with our Institution) tendered her resignation, which, in deference to her desire, was accepted by the Board. We extend to this lady our well-wishes for her future welfare, and cheerfully testify to the faithful supervision of the work assigned to her. Mrs. Helena Hadel, the wife of our Superintendent, was appointed in her place. We have reason to believe that she brings to her position every qualification to fit her for the management of this department.

Continued visits are made to our sick by the ministers of our faith, who, by their cheering words, comfort and console our patients. We assure them of our sincere appreciation of these kind attentions.

LADIES' FLOWER MISSION.

The charm and fragrance of nature's exotics, which blend the hopes of life in such beautiful expressions, have again been introduced into our wards, through the thoughtfulness of the Ladies of the Flower Mission. Many a smile has thereby been brought to the face of the wan and languid sufferer; many a tear of joy has been shed in recognition of the kind hearts who remember and smooth the pillow of the sick. This is the unmistakable language of gratitude to them, to which nothing we might say could add.

We are under many obligations to the members of the Young Men's Society of the Ahawath Chesed Congregation, who provided our inmates with a musical entertainment last June, affording thereby much consolation to those of our convalescents who were able to attend this enjoyable affair.

The Rev. Dr. Huebsch, who addressed the patients; Messrs. Stern and Ducheness, who arranged the Concert, and all others who assisted, are entitled to our thanks.

The inmates are provided regularly with copies of the following valuable journals: *American Hebrew*, *Jewish Messenger*, *Hebrew Leader*, *New Yorker Nachrichten*, *Nachrichten aus Deutschland und Schweiz*, *New Yorker Zeitung*, *American Israelite* and *Deborah*, Cincinnati; *Jewish Advance*, Chicago.

To the editors of the above, we offer our thanks for this attention shown to the sick committed to our care.

Death, with its unsparing hand, has again made inroads, and deprived us of many of our old and esteemed Patrons and Members. Among those named below may be found many of our most respected citizens—many who were the pioneers of our people in this city; who had witnessed the beginning and rise of our several eleemosynary institutions, which typify in such forcible manner the bounty and benevolence of our people towards the poor. May the aid rendered by them in producing such great results, have been to them a thought of comfort and a source of happiness.

As the mariner upon the tempestuous ocean, so the poor sick wanderer is tossed on the great sea of life, and, like him, he hails with gratitude the sight of refuge where he may find shelter and safety. To many such Mount Sinai Hospital has been a haven, where the unfortunate sufferer—friendless, homeless—has found ready hands and loving hearts to aid and comfort him in the hour of distress. What grander thought! what greater satisfaction to those who so nobly maintain our great charity than that, through their instrumentality, life has been saved to gladden the hearts of fond friends? This contemplation ought to imbue us with still firmer resolves, and inspire us with renewed energies, to devote ourselves in a yet greater degree to the maintenance of a work, in which no nobler exists.

Animated by these reflections, we enter upon the future with confidence, convinced that the warm impulses of our benevolent people will provide and care for those who appeal to them in their misery—whom we aid and succor, not from the narrow consideration of sect, creed, or nationality, but from a clear conception of man's duty to man, uncontrolled by aught else than that we are all the children of one Father—members of one family.

REPORT OF THE EXECUTIVE COMMITTEE.

NEW YORK, December, 1881.

To the President and Board of Directors of Mount Sinai Hospital :

The cycles of time bring forth the stepping-stones of our lives—make pauses as it were in our existence—where we halt for a moment contemplating the work of the past, to profit from our experience, and to improve our efforts for the future.

At the close of the fiscal year of 1881 we present the exhibit of our work for your commendation, again asking that favorable consideration always kindly accorded to us since our connection with the executive department of Mount Sinai Hospital.

Harmonious action pervades the various departments; perfect order and system prevail, and we may truly say, the general condition of our Institution is improved from time to time.

Fifty-two meetings were held by your Committee during the year; these were well attended. At each session the routine work was transacted, applications for admission considered, and all requisitions for supplies referred to the several members of your Committee for attention.

We submit the following tabulated statistics for the year:

Total number of applications.....	3,182
Admitted as free patients.....	1,596
Admitted as pay patients.....	73
Referred to the Dispensary for treatment.....	698
Referred to other Institutions.....	7
Of those referred to Admitting Physicians refused.	223
Of those referred to Special Committees refused....	130
Not hospital cases.....	239

Refused under the rules.....	103
Refused for want of room.....	113
	<hr/>
	3,182
Percentage of patients treated gratuitously.....	96
Number of patients in Hospital, Dec. 1, 1880.....	136
Admitted during the year.....	1,669
	<hr/>
	1,805

Of these:

Discharged cured.....	964
Discharged improved.....	514
Discharged not improved.....	55
Transferred to other Institutions.....	17
Patients who left before treatment began.....	27
Deaths.....	113
In Hospital November 30th, 1881 }	115
Males, 55. Females, 60. }	
	<hr/>
	1,805
Greatest daily number at one time.....	152
Lowest daily number at one time.....	115
Total number of patients treated since Hosp. is founded.....	19,209
Average daily number of patients.....	135 ³⁴ ₁₀₀
Average length of stay in Hospital; days.....	27 ⁹² ₁₀₀
Total number of days of Hospital care.....	49,399
Of which 47,290 were gratuitous.	
Death rate.....	6 ²⁶ ₁₀₀

It will be seen from the above report that the work in the Hospital has again increased; 110 more patients were treated this year than last, making it the largest of any in the history of our Institution. The daily average of 135³⁴₁₀₀ is greater than that of the preceding year, which was 128⁸⁸₁₀₀.

SUPPORT ACCOUNT.

The Hospital expenses in full, (less outlays of \$1086 13 for improvements, and \$4,444 40, estimated cost of Dispensary work) were.....	\$51,926 46
Number of days of Hospital care.....	49,399

Average cost per day, per capita.....	1.05 $\frac{1}{8}$ c.
Cost of food for year.....	21,164 65
Average daily number of patients....	135 $\frac{84}{100}$
Average daily number of internes....	58

	193 $\frac{84}{100}$ × 365	70,569
Cost of food per day, per capita.....		29 $\frac{99}{100}$ cents.

You will observe that the cost of food per capita is greater than last year. In this connection we call your attention to the fact that meat, groceries, as well as all other provisions were much higher; besides, we have on hand a large stock of groceries, canned fruits, and a cargo of coal, sufficient to supply our wants for several months. It was deemed advantageous to purchase these in advance; being paid for and included in this year's outlays, they are not properly chargeable to this year's expenses.

While the general report of our Out-door department will be submitted to you by the Committee on Dispensary, it is proper to state that at no time has the demand for its benefits been so great.

An average daily attendance of one hundred, occasioning 30,009 consultations; 32,444 prescriptions prepared and medicines for same dispensed in our apothecary, give an outline of the magnitude of this department; when we add that this entire work is one of benevolence, no charge being made either for consultations or medicines, a faint idea may be formed of the great good done in the Dispensary of Mount Sinai Hospital.

ISOLATION WARDS.

It has long been apparent that suitable accommodations were necessary for isolating infectious or contagious diseases, and without any attempt to provide such for outside cases; yet it appears important for those arising in the Hospital. The health of others in the wards must not be endangered by allowing any suspected case to remain. Having no isolated quarters, we are often compelled to place these patients in charge of the city authorities. A well-conducted Hospital should surely not be without sufficient accommodation to provide for emergencies of this kind.

We are often asked to admit the sick, suffering with diphtheria, erysipelas, scarlet fever and kindred diseases, the admission of which, under the circumstances, is at present prohibited by our rules. To refuse those applying, or to transfer contagious cases

arising in our own wards, is rather apt to bring the Hospital into disfavor; yet, in doing so, we pursue the only safe method, the propriety of which is fully justified by the medical profession, and by all those who give the subject careful consideration.

Until suitable provisions are made, no other course can be taken.

With a view of relieving ourselves from this embarrassment, the subject was referred to the Building Committee; plans were submitted for an Isolation Building; for enlarging the wash-house, laundry and kitchen, also for separate wards for the Eye and Ear department, in charge of Dr. Grüening.

While the Board recognized the pressing need for these improvements, there was hesitancy, properly so, in the expenditure of the large sum required; yet, in view of the additional benefits resulting therefrom, an appropriation of twenty thousand dollars was made for the work.

In consequence of the advance in the labor market, as well as in materials, the Building Committee upon opening bids for the work, found the estimates to exceed the amount at their disposal; hence all further efforts in the advanced stage of the season were necessarily abandoned. It is to be hoped that suitable provisions will be made, and the requisite sum by you appropriated to enable your Committee to complete these additions to our Hospital during the ensuing spring.

TRAINING SCHOOL.

During the past year, principally at the instance of some ladies well known in the community for their interest in various charitable spheres, a new corporation was organized, styled "The Mount Sinai Training School for Nurses," the purpose of which is to educate and employ females who intend to pursue what may now be aptly termed the profession, rather than the calling of nurses. We have thereby been enabled to introduce in our female wards trained nurses, together with a class of zealous, earnest and industrious probationers, who, under the direction of the head nurses and the tuition of the competent Superintendent of the Training School, are being qualified to become perfect experts.

The laudable work of organization and providing a home for the reception and housing of respectable women, affording them an education in a branch where they become useful to the community, obtaining for themselves, at the same time, the means for an

honorable livelihood, was successfully undertaken by the public-spirited ladies at present in charge of the Institution, who, by dint of patience and earnest labor, have brought about such favorable ends as to entitle this new institution to the hearty support and encouragement of the community.

NURSES.

The employment of the corps of female nurses supplied to the Hospital by the Training School and substituted for those formerly employed by us, has occasioned no increase in the expenses.

We have, however, deemed it necessary and proper that a night nurse be provided for every ward; the employing of four nurses in this capacity in each wing of the Hospital, where we formerly had but two, as well as our having required an unusual number of nurses for private patients, has tended to increase our expenses in this department for the year.

Yet, when we contemplate the good results achieved, and the additional safety and comfort ensured to our patients, we may consider the increased outlay fully justified.

SISTER INSTITUTIONS.

During the year, we treated 51 of the children from the Hebrew Orphan Asylum; 6 from the Deborah Nursery; 8 from the Hebrew Sheltering Guardian Society, and three of the inmates from the Home for Aged and Infirm Hebrews.

We supplied medicines for 676 prescriptions to the Home for Aged and Infirm Hebrews; for 140 to the Hebrew Sheltering Guardian Society, and for 1,045 to miscellaneous charities. The pleasant relations always existing between this and our sister institutions have been maintained and strengthened during the year; it has been a source of gratification to us to have been enabled to aid and relieve their sick.

UNITED HEBREW CHARITIES.

Your committee desire to express their gratitude for the valuable aid rendered by the United Hebrew charities. We have had several applications from consumptives in the last stage; chronic invalids and others, who would not be benefited by Hospital treatment, and if admitted would deprive us of beds which we might give to some other applicants whom we could possibly improve. These chronic cases are not proper ones for admission to

a Hospital, yet when we contemplate that their days are numbered, that the few hours allotted them in their earthly career, are, on account of their destitute circumstances, often rendered miserable, wanting at times the ordinary necessities of life, they arouse our tenderest sympathies, and appeal to our generous support.

Some of these we have deemed proper to refer to the United Hebrew Charities, which Association has invariably rendered proper assistance to these needy applicants.

LADIES' AUXILIARY.

The kind-hearted ladies of the Auxiliary Society, as heretofore, provide our inmates with suitable apparel, and the Hospital with linen and bedding.

Their tender attentions are extended in an unostentatious manner, with the charm and modesty deservedly accorded to woman; their work is done quietly, without desire for recognition or reward. Their loving hearts are animated by a desire to devote part of their time to do some good outside of their immediate family circle. May our Heavenly Father grant them a long and happy life, continuing in their usefulness and fidelity to our cause.

MEDICAL STAFF.

We deem it fit and proper to express our satisfaction with the medical service of the Hospital. We thank Drs. Jacobi, Loomis, Stimson, Rudisch, Grüening, Noeggerath, Fluhner, Gerster, Heineman and Wyeth, our attending staff, for zeal and attention to the best interests of our Institution.

Dr. David Fröhlich, as Admitting Physician, continues in his able, efficient and considerate work. A most laborious and responsible position.

Our House Staff, Drs. Borchheim, Nilsen, Weiss, Cramer, Rice and Dawbarn perform their duties in a satisfactory manner.

Our Superintendent, Mr. Hadel, is, as heretofore, efficient and conscientious in the internal management of the Hospital.

Mrs. Hadel, who was appointed in place of Mrs. Simon (recently resigned), has already endeared herself to the patients of the Hospital, by her scrupulous care and supervision, as well as her courteous manners towards all with whom she comes in contact.

EDUCATION FOR CHILDREN IN OUR WARDS.

The education of the young is a matter which should always engage our most earnest attention. Among our patients may be found a large proportion of children, who, although sick, are not incapacitated from being up and about. These cases generally remain in the Hospital for a time, many from six months to a year and longer. To strengthen the minds of these, giving them pleasant, cheerful occupation, often produces a most beneficial effect on the body as well.

Without dwelling upon this subject, it has occurred to us that some suitable provisions might and ought to be made to form a class where instruction in the elementary branches and light studies could be given these, among our patients.

Volunteers can no doubt be had from among many of our young ladies who have the ability to teach such a class, as well as the inclination to engage in the laudable work.

As the earth receives man's care and the seed when planted therein brings forth rich fruit, so our Institution has been prolific in producing bountiful blessings to all, who bring to its soil the seed of Benevolence.

To those who give this life-producing germ of charity, it offers a heritage of manifold joys—joys to the human heart inspired by the thought of doing good to others—of noble impulses which take root and make us better and purer beings, thereby fitting us for the great duties of life towards our fellow-man.

'Tis not always in the warm sunshine of life that man's loftiest inspirations are felt—nay—in the shadows under the weeping willows, the winds sadly whispering, our souls are awakened. What is man? What is his mission? How fleeting are his days! How dismal oft his earthly career! Thus likewise among the sad moanings of the stricken and suffering we are regenerated; the surroundings appeal to our innermost thoughts, invigorating us to nobler impulses, to higher aspirations.

Let men who would be impressed with this soul-inspiring influence, place themselves within our Institution—feeling their sympathies aroused in beholding the condition of the helpless and unfortunate in our midst.

If so, many a one who now only beholds the bright pages of his daily life, and the happy faces and pictures produced by health and affluence, would devote still greater thought for the care, and bestow more of his plentiful stores to alleviate the misery

appealing in such unmistakable language to our hearts and better self.

As man becomes better and truer to himself, as the giant strides of civilization advance, we recognize more clearly the claims upon each other as members of one common family. Upon these influences we safely depend for the continued support and prosperity of our Institution, and its ability to perform its mission for all time to come.

Respectfully submitted,

SAM'L M. SCHAFER,

Treasurer.

NEW YORK, November 30th, 1881.

REPORT OF THE COMMITTEE ON DISPENSARY.

NEW YORK, December 25, 1881.

To the President and Board of Directors of the Mt. Sinai Hospital:

Our Institution, in its noble and untiring efforts to relieve suffering humanity, does not confine the unceasing working of its bountiful charity to sheltering within its walls, to its utmost capacity, the sick, unfortunate and homeless sufferer, but has also established an Outdoor Department, by which the scope of its beneficence could be extended and enlarged to a more unlimited extent.

From the Reports of the various branches of the Dispensary, which your Committee herewith submits, you will perceive that the applicants for medical and surgical relief during the past year have reached the unprecedented number of 30,009, to whom 32,424 prescriptions have been dispensed; an increase of 6,322 applications and 8,825 prescriptions over the preceding year.

This extraordinary record shows unmistakably that the Mount Sinai Dispensary, by its liberal management and the well-merited reputation of its able and efficient staff of physicians and surgeons, has become not only an invaluable and indispensable branch of our Hospital, but an absolute public necessity. By its constant relief of a large number of our respectable population among the poor and middle classes, from all sections of this city, irrespective of creed or nationality, it cares for many who otherwise would be deprived of medical assistance, and become a charge to public institutions.

The Dispensary is open daily, except Sundays and Holidays, for the treatment of patients: and for the vaccination of children on the last Thursday of every month, and is in charge of the following corps of physicians:

INTERNAL DEPARTMENT.

Edward J. Messemer, M.D.
Edward Sanders, M.D.

M. J. Messemer, M.D.
Isaac Weil, M.D.

SURGICAL DEPARTMENT.

Abraham Mayer, M.D.
Cornelius Williams, M.D.

Isidor Oberndorfer, M.D.
Joseph G. Wallach, M.D.

GYNÆCOLOGICAL DEPARTMENT.

The question of charging for the actual cost of the medicine, as in several other Dispensaries, has often been discussed by your Committee, but as it is a difficult matter to discriminate, the plan has been abandoned for the present.

Our thanks are due to the Attending Staff, who, with laudable zeal and admirable promptness, devote their valuable time to the amelioration of the physical sufferings of the poorer classes; and

the indefatigable services of the lady physicians, Mary Putnam Jacobi, M.D., Victoria A. White, M.D., and Anna A. Angell, M.D., deserve our special mention.

We are glad to report that, during the past year, there has been no change in the Staffs of the various departments, showing a co-operation highly flattering to the Medical Staff, and thus increasing the success and popularity of the Institution.

Our Pharmacy is provided with the best of Drugs, and ably and economically managed by Mr. M. C. Griessman, assisted by Mr. A. B. Nielsen, and we take pleasure in expressing our satisfaction at the efficient manner in which they perform their work.

We are indebted to Dr. Rudisch, Chairman of Supervisory Committee, for his assistance and advice in matters pertaining to medical affairs.

With willing kindness and ever-ready charity, the Mount Sinai Hospital and Dispensary have caused the genial glow of hope to enter the heart of distressed sufferers, and rescued them from the cold and threatening hand of wretchedness, misery and decay, and has become the Beacon Light of many a weary, tired traveler on the rough sea of adversity, who flocked to its sheltering and protecting harbor, and has ever found there true humanity and patience. May its rays penetrate the dark gloom of prejudice and superstition, and shed a flood of light upon the grand and immutable truth, that the foundation of our religion is based on love, humanity, and "charity for all."

REPORT OF THE HOUSE STAFF.

To the President and Board of Directors:

We, the undersigned, beg leave hereby to submit the report of what has been accomplished in our respective departments during the year 1880-1881. We gladly take this opportunity of publicly acknowledging the kindness and never-failing willingness on the part of your Honorable Board to do all in your power to promote both the welfare of the Hospital and to aid and encourage us in the fulfillment of our hospital duties.

We deeply deplore the loss, by death, of one of our most esteemed attending physicians, Dr. Max Herzog.

With pleasure do we commend our Assistants, Drs. Weiss, Cramer, Dawbarn, and Rice, for their conscientiousness, readiness, and skill in the execution of the work allotted to them.

The Superintendent, Mr. Hadel, and his wife, our worthy matron, merit our thanks for their attention and kindness.

Respectfully submitted,

LOUIS E. BORCHEIM, M.D.,

House Physician.

J. R. NILSEN, M.D.,

House Surgeon.
